Women of Achievement Awards

We hope to celebrate the efforts of women who are ordinary but whose contribution has made an extraordinary difference.

These include:

- Women who are compassionate
- Women who do countless chores without expecting praise
- Women who serve the community
- Women who have battled against personal problems
- Women who have made Coventry their home against all odds
- Women who do unpaid work caring for others
(for example families, the elderly, disabled and people with ill health)
- Women who have succeeded in their chosen field

Remember, we would like to recognise and acknowledge a whole range of women from quiet achievers to high performers.

If you would like to nominate someone for an award please send us your nomination using the form provided.

First time nominations only will be accepted.
